## PROFESSIONAL OBJECTIVE

*Motivated and detail-oriented MCA student with hands-on experience in Python Development, Full Stack Web Development, Database Management, and AI-based Data Annotation. Skilled in building scalable web applications using Flask, MySQL, HTML, CSS, JavaScript, and modern development tools. Seeking a Software Developer, Python Developer, or Full Stack Developer role where I can apply my technical expertise, problem-solving abilities, and passion for creating innovative software solutions.*

## TECHNICAL SKILLS

---

|                        |                                                                                                                                                   |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Programming Languages  | C, C++, Java, Python, JavaScript                                                                                                                  |
| Web Technologies       | HTML5, CSS3, JavaScript, React.js (Basic), Node.js (Basic)                                                                                        |
| Database               | MySQL, MongoDB, SQL Server                                                                                                                        |
| Frameworks / Libraries | Flask, React.js (Basic)                                                                                                                           |
| Tools & IDEs           | VS Code, NetBeans, Git & GitHub,                                                                                                                  |
| Operating Systems      | Windows 10/11                                                                                                                                     |
| Other Skills           | Data Structures & Algorithms, Object-Oriented Programming, DBMS, Software Engineering, SDLC, Data Annotation, Cloud Computing, Networking Basics. |

## EDUCATION

---

**Master of Computer Applications (MCA)** 2024 – 2026  
Chetan Business School (CBS) – Institute of Management, IT and Research, Hubli, Karnataka  
/CGPA: 6.0 | Relevant Coursework: Data Structures, DBMS, Operating Systems, Software Engineering, Web Technologies, Computer Networks

**Bachelor of Computer Applications (BCA)** 2020 – 2023  
JT College KLE Society, Affiliated to Karnataka University, Gadag, KA  
Percentage / CGPA: 6.8 | Major Subjects: Programming Fundamentals, Data Structures, Mathematics, Networking

**12th Standard (PU) – Computer Science** 2019 – 2020  
BGM College Government of Karnataka Pre-University Education/ Gadag, KA  
Percentage: 70% | Board: CBSE / State Board

## PROJECTS

---

**Project 1: [Laces & Soles – AI Powered Shoe Store]** | Tech Stack: Python, Flask, MySQL, HTML, CSS, JavaScript

**Laces & Soles** is a conceptual e-commerce platform designed for sneaker enthusiasts, built as a Final Year Project capable application. It features a polished React frontend integrated with a robust Python/Flask and MySQL backend. The platform provides a complete shopping experience including JWT authentication, wishlists, cart persistence, a dynamic product catalog, and a comprehensive admin dashboard with Recharts analytics.

## **Project 2: [Smart Phonebook Management System] | Tech Stack: Node.js, Express.js, MongoDB, HTML, CSS**

A modern, responsive, and feature-rich CRM Contact Manager built with the MERN stack (MongoDB, Express, React, Node.js). Featuring an elegant dark/light theme, real-time sync, interaction tracking, birthday alerts, and quick-sharing tools.

**Mini Project: [Flavora — Recipe Social Sharing Platform]** | Vanilla HTML5, CSS3, Python, Flask, Flask-Mail (SMTP setup for OTPs), CORS, mysql-connector-python connection pool.

*Flavora is a full-stack, feature-rich social platform designed for home chefs and food enthusiasts to discover, create, share, and bookmark recipes. The project was built and deployed from scratch within a 24-hour hackathon window.*

## **INTERNSHIP / WORK EXPERIENCE**

---

### **ITES Executive – Project Coordinator**

July 2023 – July 2024

iMerit Technology Services Pvt. Ltd. Hubli, KA

- Performed data annotation and labeling for AI and Machine Learning projects.
- Conducted quality assurance checks to ensure annotation accuracy.
- Coordinated project delivery and team operations.
- Worked on large-scale AI inspection systems including Atlas, Artemis, and Helios.
- Collaborated with teams to maintain production efficiency and project timelines.

## **CERTIFICATIONS & ONLINE COURSES**

- 
- AIML Certification – Metvy (2024)
  - Full Stack Development Certification – Metvy [2025]
  - Cyber Security Course – IBM SkillsBuild [2022]
  - Hardware & Networking Course – Deshpande Education Trust (DET) | [2021]
  - Cloud Computing Fundamentals [2025]
  - Database Management Systems [2024]

## **ACHIEVEMENTS & AWARDS**

- 
- Team Coordinator for global AI annotation projects at iMerit. [2023 – 2024]
  - Contributed to successful delivery of 50+ production projects.
  - Participated in AI, Machine Learning, and Full Stack Development programs. [2025]
  - Recognized for maintaining high-quality project delivery standards.

## **CO-CURRICULAR & EXTRA-CURRICULAR ACTIVITIES**

- 
- Participated in technical workshops and seminars related to AI and Software Development.
  - Active learner in Full Stack Development and Cloud Technologies.
  - Engaged in coding practice and project-based learning.

## **LANGUAGES KNOWN**

- 
- English (Read, Write, Speak)
  - Hindi (Read, Write, Speak)
  - Kannada (Read, Write, Speak)

## **DECLARATION**

---

I hereby declare that all the information stated above is true and correct to the best of my knowledge and belief.
